

Your Home On Wheels is a **Sprinter 170** Hit The Road With The Whole Family

FOR WHEREVER LIFE MAY TAKE YOU

FAMILY VACATION

Built to sleep and seat a family of 4 comfortably, this layout is designed to travel the country in style. With FMVS safety-rated seating, and two addition beds sized for children, the whole family can take a road trip to see the National Parks, or just to visit Grandma.

BUILT FOR MORE

Built to take you on the toughest of adventures, this family friendly build will take you anywhere you want to go. The fixed bed is set 45" above the ground, allowing extra room underneath for the two extra bunks, and for more storage space.

HOT WATER AT YOUR FINGERTIPS

Nothing beats the feeling of hot water on the road. Our heating system by Timberline offers both a heating solution for your van, and the ability to wash your dishes and yourself with hot water!
